f the United States.

This sentiment was loudly ar planded as strange is that the directors first and the spectafors, and it was some time the bank examiner next, should never the bank examiner next, should never the bank examiner next should nev by the spectafors, and it was some time before order was so far restored as to permit Ingersoll to proceed, which he finally did as follows:

I shall also insist, before I get through with the case of Brown, that the grand jury is placed between the citizen and his reputation to provide for precisely a case like this. I shall insist that when a high official of this nation states the information for its verbiage, contend-ing the adverbs did not constitute the case, and characterized the gentlemen who drew the information as the cham-pion "go as you please adverb and ad-jective" slingers. It was a matter of public history, as much as two years ago, that congress elaborately investigated this identical matter and appropriated money to carry out this very contract, which it was said, was so very corrupt. The facts have been notorious

I SHALL INSIST upon the grand jury between that official and the citizen, and prevent him using that brand. I shall insist that the inforthat brand. I shall insist that the information has been found improperly, illegally and contrary to the spirit of American liberty. Now I have given you, it may be, a general view of the course I intend to pursue. [Laughter, which was in intended by the eashier, that the assertions of Baldwin in his voluntary state-in the course I intend to pursue. [Laughter, which was in intended by the eashier, that the assertions of Baldwin in his voluntary state-in which Cook inquired of Ingersoll who were the authorities upon which he relied.] After some sarcastic remarks between the counsel, it was finally agreed that Bilss should open for the government to-morrow morning and that he should be followed by Ingersoll, but that if the latter should advance the propositions to which Bilss might desire to reply, he would be permitted to do so. The court then adjourned.

As Batinely Retrospect.

As Batinely Retrospect. to allow information to be filed, because three years had about elapsed, which the prosecution said, would work to bar under the statute of limitation. That was no excuse. It was the fault of the prosecution. They had delayed as long ago as June last, this very court. The defense asked for the action in these The defense asked for the action in these cases, but the government has refused to act. The prosecution avoided the grand jury. Why? Because if they had gone before the grand jury, the documents and papers James spoke of would have to be produced, James says, so as their contents would not have been accepted nor his statement as to what had been told him by somebody, received. They kept away from the grand jury, because

An Untimely Retrospect. Washington, Nov. 2—The current number of Dr. Walsh's Retropsect of Medicine and Surgery, published this evening, will contain a long editorial comment on the case of the late President Garfield, or, as the journal terms it, the result of our investigations in the case for the purpose of giving a truthful and fearless account of Dr. D. W. Bliss in which he speaks of how he Bliss in which he speaks of how he probed the wound with his finger at the depot and how he afterwards used a small, flexible silver probe; also how he

pressed the opinion that further examination then would be dangerous.

Dr. Wales himself writes to the editor

his services were no longer required.

The editor then quotes from the official reports of Dr. Bliss' statement that Drs. Hamilton and Agnew individually examined the wound at the first joint consultation. Also, Dr. Hamilton's statement that, finding the track of the statement that are reported to a property was a converged to a minutes because of the statement that are reported to a minutes because of the statement that are reported to a minutes because of the statement that are reported to a minutes because of the statement that ination.

Dr. Walsh is at a loss what to think of the paper so at variance with the state-

ments of reliable gentlemen. He asserts that in failure to enlarge the wound and remove the specula of the bone soon af-ter the reaction was established was and expresses the belief that if that mistake had not been made the pus cavity would not have formed, quoting from Dr. Hamilton's own work on military Dr. Hamilton's own work on military surgery, page 365: "One of the most frequent causes of death and delay in recovery is found to be small specula of the bone loosened or completely decided by the bone loosened by the bone loosened or completely decided by the bone loosened by the bone l

been fatal.
Dr. Walsh expresses the opinion that

himseif under his (Bliss') care, Dr. Walsh says that it is susceptable of proof that Garfield stated, after Dr. Bliss had assumed control of the case and refused admission to Dr. Baxter, that Dr. Baxter had been for years and was still considered by him his physician, and that he had never expressed a desire for Bliss to had been for years and was still considered by him his physician, and that he had never expressed a desire for Bliss to take charge of the case. The assertion is also made that Mrs. Garfield was at

was in imminent danger. Among the best workers were the members of the Golden troupe, which has played here three nights. The heaviest loser, C. G. Larned, is quite cheerful. There never was so extensive a fire, with such good nature and cool behavior prevalent. J. D. Decker had another room leased fifteen minutes after the alarm bell had sounded and at daylight had his book and value. ed, and at daylight had his book and variety stock in it. Already plans are shaping for rebuilding, but they are embarrassed by the scarcity of brick and other material. Most of the losers will

Louisville & Nashville road, has con-tracts to supply the St. Louis water and in consequence of not being able to obtain the cars, he has been obliged frequently to purchase coal of the Ex-change men at a loss of two cents per bushel to keep his contract good. He represented his case to the officers of the road, and for a week he received the necessary number of cars, but after that he was cut short again, and was advised by an officer of the road to divide his contract with the members of the Coul sioners, since which time he has been

The Millers After the Grain Speculators. MILWAUKEE, Nov. 3 .- The Millers' Association to day passed a resolution asking the chamber of commerce to enorce a rigid inspection of wheat, as a vast quantity of wheat is coming in from the northwest which looks as fair as grades No. 2, and even No. 1, is badly injured by rain and is damp and tough and totally unfit for flour.

The association also telegraphed as follows: To the Millers' Association at Minneapolis: At a meeting of the millers quarter of section 34, township 19 south. of this city to-day, it was resolved that, owing to the unwarranted condition of the wheat market, which is manipuagainst all legitimate business, we be-lieve it to be for the interests of the millers of this country to make a com-mon cause and shut down their mills until the price of wheat shall be at a figure to compete with the markets of the world. All mills here have shut down and invite your co-operation. (Signed) EDWARD SANDERSON.

DENVER, Col., Nov. 2,-One of the largest gold bearing mineral discoveries was recently made, in the summit dishaving visited and examined the mine, pronounces it the most remarkable and valuable gold mine now worked in the United States. The assays are now running over \$20,000 in gold. The out-put or product of the mine from fifteen stamp mills average about one hundred thousand dollars per month in gold, and tailings from mills have a value of \$36 per ton in gold. Bowen was recently offered \$37,000,000 cash by castern capitalists for a half interest in his property which he refused. The discovery has italists for a half interest in his property which he refused. The discovery has

of Commerce. NEW YORK, Nov. 3 .- At the chamber NEW YORE, Nov. 3.—At the chamber of commerce to day a communication was read from the department of state at Washington, acknowleding the receipt of the resolutions passed by the chamber touching the death of the late President Garfield. The resolution adopted declared that in the opinion of the chamber suitable provisions should be made by congress for the punishment of persons threatening or doing violence. of the case and concludes as follows:

"Briefly we may say, the failure to enlarge the wound and remove the specula; false treatment for the track of the ball; the issuing of bulletins creating a public distrust; the performance of the autopsy without the presence of an eminent disinterested pathologist; the arriving at uncertain deductions from the said autopsy; and the false statements made have done more to cast a distrust on American surgery than in any other of the court of the streets to the bank at the blocks across the streets to the cast and south, will amount to seventy

MONEY TO LOAN on improved farms on long time at low-Don't Want to be Mixed Up in It

CHICAGO, Nov. 2.—Louis Scoville, son of Geo. Scoville, received a letter from Washington to day urging him to go there and assist in the defense. "I tell you," said Mr. Scoville, Jr., "I don't want to be mixed up in this matter at all Circumstances have compelled all. Circumstances have compe father through family connections take charge of the defense. He did go from any desire of his own. He tested strongly against going but was pushed into it. The press do not seem to appreciate this fact. He makes nothing by it and is under heavy expense in Washington, and has lost considerable practice here through his absence. I will have nothing whatever to do with it."

DENVER, Nov. 4.— The Republican's
Buena Vista special says: John Evans,
chief engineer of the Denver, South
Park and Pacific railroad, was shot this
afternoon and dangerously wounded by
a discharged employe. The assailant
was arrested and locked up.
